ENVIRONMENTAL POLICY

“The WPFA aims to provide facilities to the local community in a sustainable way by working closely with our suppliers, users and the wider community to minimise our impact on the environment”

We will achieve this aim by;

- Complying with all relevant environmental legislation, regulations, codes of practice and industry guidelines
- Preventing pollution, reducing waste and ensuring wherever practicable that measures are taken to protect and preserve natural habitats, flora and fauna.
- Working in partnership with our suppliers to increase environmental awareness and minimise our impacts.
