We will achieve this by:

- Ensuring the management of health and safety is an integral part of the way we operate.
- Giving comprehensive training to new and existing employees.
- Continuing an ongoing programme of risk assessment to manage and minimise the risks to employees, customers, visitors and the local community
- Seeking continual improvement in our health and safety performance.
- Confirming all our activities and operations are conducted in accordance with all applicable laws and regulations.
- Openly communicating our health and safety performance.
- All trustees and employees of the WPFA have an active role to play in health and safety management. Where appropriate, individual responsibilities are assigned and full training and support is given to ensure fulfilment of those responsibilities
